**EQ INTRODUCES NEW MAGNUM CYLINDER HEADS**

(LAS VEGAS, NV) – EngineQuest (EQ) has introduced its new, power improved stock replacement Magnum Cylinder Heads. One unit (Part #CH318 B) features an LA style intake manifold pattern for the Chrysler 318 CID 5.2L (1992-2004) and 360 CID 5.9L (1992-2004) with the intake bolts installed straight to the surface. The other unit (Part #CH318A) covers the same Chrysler engine series, but the intake bolts are installed at an angle to the surface. For more than 16 years, EQ has gained a reputation for quality parts and responsive customer service to ensure the highest quality cast cylinder head on the market. **About EngineQuest (EQ)**

EngineQuest (EQ) is the engine parts division of AAEQ Manufacturers and Recyclers. EQ's product line includes new, remanufactured and reclaimed engine parts. EQ sources its cores from its sister company, AA Midwest, which maintains a huge core inventory of over 40,000 engines and transmissions. EQ specializes in manufacturing parts that either make one automotive core work in another application or replaces a hard to find or salvaged part.

EQ continues to offer new product lines to help the engine builder solve their manufacturing challenges, including: exhaust manifolds (new and reclaimed), timing covers (largest single line available), harmonic balancers, head bolt sets, crankshafts, stock replacement and performance cylinder heads. EQ parts are available from six national warehouses located in Chicago, Ill., Las Vegas, Nev., Spokane, Wash., Long Island, N.Y., Atlanta, Ga. and Dallas, Texas.

AAEQ is a leading vehicle parts company that provides cores to engine and transmission rebuilders and machine shops. The company is also a leading recycler that purchases, processes and sells scrap metal through its Las Vegas facility. A complete inventory of EngineQuest products are available online at [www.enginequest.com](http://www.enginequest.com), or phone 800-426-8771
