**About EngineQuest (EQ)**

EngineQuest (EQ) is the engine parts division of AAEQ Manufacturers and Recyclers. EQ's product line includes new, remanufactured and reclaimed engine parts. EQ sources its cores from its sister company, AA Midwest, which maintains a huge inventory of over 150,000 engines, transmissions and internal parts cores. EQ specializes in manufacturing parts that either make one automotive core work in another application or replace a hard to find or hard to salvage part.

EQ continues to offer new products to help the engine builder solve their manufacturing challenges, including: exhaust manifolds (new and reclaimed), timing covers (largest single line available), harmonic balancers, head bolt sets, crankshafts, stock replacement and performance cylinder heads. EQ parts are available from six national warehouses located in Chicago, Ill.; Las Vegas, Nev.; Spokane, Wash.; Long Island, N.Y.; Atlanta, Ga. and Dallas, Texas.

**About AAEQ Manufacturers and Recyclers**

AAEQ Manufacturers and Recyclers is a comprehensive company that provides leadership in the automotive parts remanufacturing, manufacturing and recycling industries under its AA Midwest and EngineQuest (EQ) divisions. With locations in Chicago and Las Vegas, AAEQ has been family owned and operated since 1949
